6.3 Calling Card Services

- 6.3.1** The rates set forth below are available on a seven day a week, 24 hour a day basis to and from all international locations set forth below, unless otherwise noted in this tariff. All rates and charges are set forth in U.S. dollars and cents. The rates for calling card calls will depend on the length of the call and the international location to which the call is terminated, or the international location from which the call is originated. In the case of Mexico, the rate is based on the rate band in which the call is terminated. If a call is originated from an International Location and terminated to an International Location, the rate will be the International Origination rate plus the International Termination for the Originating and terminating countries respectively. The rate bands for Mexican rates are determined according to the airline distance from the U.S. border to the Mexican rate band in which the call is terminated. (C)
- 6.3.2** Usage of the calling card affirms that the customer agrees to the terms and conditions set forth by this tariff and any supporting material sent to the Customer together with the Calling Card. (C)
- 6.3.3** Calling Card calls are billed in six (6) second increments with a thirty (30) second call minimum. After the initial 30 second minimum, each fractional call is rounded up to the nearest one-tenth of a minute. Fractional cents will be rounded to the nearest cent. (N)
